Use your skills* to
SELL ANYTHING!

Learn the fine art of objectification.

Did you know that any product will sell with a picture of a near naked woman? But not just any woman:

Need one with a smaller waist?
Bigger breasts?
Longer legs?
Blemish free?

Let Photoshop 7™ smooth those nasty laugh lines. Disappear flaws that show age, comprehension, experience and/or intelligence.

Younger

Learn to distort perfectly healthy women's bodies into that unobtainable ideal. Make everyone look as much alike as possible!

Slimmer

More Appealing

With Photoshop 7™ and a little technical training--*now available at your local community college*--the possiblities are absolutely limitless!
